DECISION N°: WEC_2024_D26_All_Qualifying_Hyperpole_clarification_Amended

DATE: 24/02/2024

FROM: The WEC Committee

SUBJECT: Clarification for behavior between first qualifying session and hyperpole

APPLICABLE REGULATION

Article 10.2.3

Article 10.2.5 2024 FIA World Endurance Championship Sporting Regulations

DECISION

The WEC Committee would like to cancel the clarification on Article 10.2.5 of #D07, #D13 & #D19 #D25.
For avoidance of doubt Article 10.2.3 and 10.2.5 are confirmed below.

10.2.3 Specific provisions for the qualifying and hyperpole practice

During qualifying and hyperpole sessions, it is prohibited:

- for a car to go into its garage; it must stay on the pit lane (under penalty of cancellation of the times set before the car entered its garage).
- To refuel.

In addition:

- Cars not taking part in the session (e.g. LMGT3 during the Hypercar session, Hypercar during the LMGT3 session) must imperatively be placed inside their garages, except those which must proceed to scrutineering.
- Competitors will be allowed to take the cars out of the garages and place them on the pit lane only once authorised by the Race Director. Competitors will only be allowed to join the "fast lane" when authorized by the Race Director.
- Tyres must only be fitted when the car is in the working lane.

10.2.5 End of the session and Parc Fermé

Cars will be placed under *Parc Fermé*. The cars must go inside their garage, except those which must proceed to scrutineering.

Only for the cars which are in their garage, teams are allowed only to check tyre pressure, tyre temperature and remove the data logger USB sticks, and the Driver may exit the car. No other checks may be completed.

It is strictly forbidden to lift their car to go inside their garage or to go into the scrutineering area.

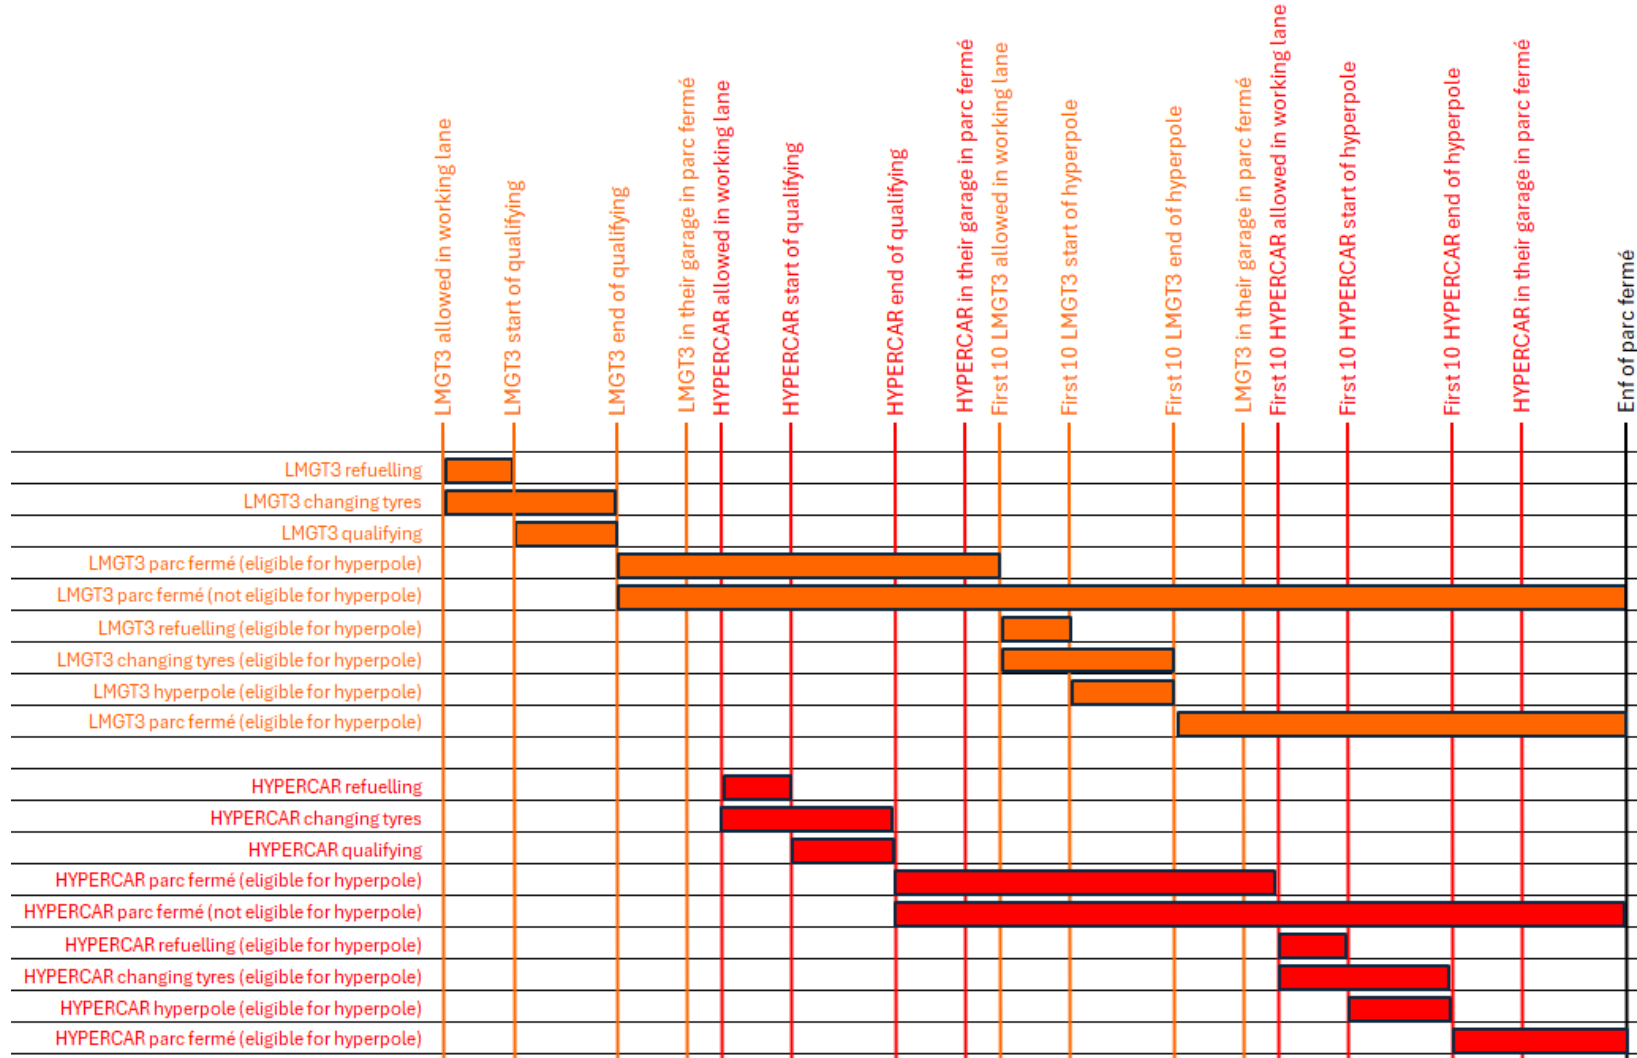

Lifting of the *Parc Fermé* rules will be confirmed to the Competitors on the orders of Race Control.

WEC COMMITTEE

Following several questions from competitors, the WEC Committee would like to clarify the behavior in the first qualifying session and the Hyperpole session as follows:
