## Information: Anti-doping education session in Montalegre

Dear WorldRX Drivers and Team Managers,

We are pleased to inform you that the **FIA Race True** Team will provide a **mandatory collective anti-doping education session for WorldRX drivers** during the forthcoming event at Montalegre. This session will be held **on Friday 15 April at 12:30 in the Drivers' Briefing** area, will last approximately one hour, and is open to everyone (EuroRX drivers, Team Managers, Team Principals, Team Members, Doctors, Physiotherapists and etc.).

The session aims to provide both Athletes and their Support Personnel with the essentials and values of anti-doping, including what constitutes an anti-doping rule violation, the consequences of an anti-doping rule violation and how to ensure compliance with the anti-doping rules. It will be an interactive session, providing the opportunity to establish a direct relationship between the FIA and those participating in the sport; of course questions from the floor will be welcome.

Please ensure you arrive around 12:15, to register your attendance at the session.

We look forward to meeting you and your team during this session, and thank you in advance for advising all WorldRX drivers of their obligatory attendance.

Kind regards,

Victoria Unt,  
FIA Medical Affairs Coordinator
