Note to Teams

Post-qualifying interview procedures here in Brazil will be different to the last few races, the top three drivers will be interviewed as soon as they get out of their cars in the parc fermé area.

Should either of your drivers be among the top three at the end of qualifying we would like to ask for your co-operation in following the simple procedure set out below :

- If they take the chequered flag at the end of Q3 the fastest three drivers should simply enter the pit lane and stop as normal in the parc fermé area.
- Other than the team mechanics (with cooling fans if necessary), officials and accredited television crews and photographers, no one else will be allowed in the parc fermé area.
- Once out of their cars the interviews will take place in the parc fermé area.
- If one of the top three drivers is already in the pit lane at the end of the session the team should ensure that he goes directly to the parc fermé area.
- At the end of the live interviews the drivers will be led to the backdrop for the AfRS photo opportunity and they will then be weighed inside the FIA garage.
- The drivers will then be escorted by the FIA Media Delegate directly to the press conference room.
