### Technical Delegate's Report

With reference to Art. 4.3.13 of the 2021 FIA F2 Championship Technical Regulations, the height of the undertray fins of car 8 were found to be below the required minimum height. After the Qualifying, the undertray fins were found to be 6.5 mm lower than the minimum height stipulated in Art. 4.3.13. After taking the tolerance of 5 mm into account (defined in Art. 4.3.13.), the undertray fins are 1.5 mm below the limit.
