To	The Stewards	Date	20 July 2024
		Time	17:32

Technical Delegate's Report

After Race 1:

The rear plank of car **22** was found to be with a maximum thickness of 3.7mm in the most rearward scrutineering hole.

This is not in compliance with Art. 3.4.3 of the FIA Formula 2 Championship Technical Regulations. The plank assembly must have a nominal thickness when new of 5mm. A minimum thickness of 4mm will be accepted due to wear, and conformity to this provision will only be checked at the peripheries of the four designated diameter 50mm holes detailed in Article 3.2.2.f
