Fact Dry-ice pellets were reported as coming out of Car 26 (Inthraphuvasak) on the formation lap.

Infringement Breach of Article 10.2 of the 2024 FIA Formula 3 Technical regulations.

Decision A fine of 1,000 Euros to be paid by the Team. In accordance with Article 12.8.1 of the ISC, fines shall be paid within forty-eight hours of their notification by means of bank transfer to the FIA.

Reason The Stewards examined video evidence. They summoned and heard the Driver and Team Representative (Document 44).

During the formation lap, video evidence showed a couple of small dry-ice pellets coming out of the rear of Car 26 (Inthraphuvasak) between Turns 2 & 3. The Team Representative explained to the Stewards, the team's protocol and equipment used to transport, fill, and secure dry-ice pellets in the car's air ducts. He explained that he found it quite difficult to ascertain how or why the dry-ice pellets managed to exit the rear end of the car. He also promised to investigate this further and ensure that this incident does not occur in the future. The Stewards acknowledged the Team Representative's statements.

Article 10.2 of the 2024 FIA F3 Technical Regulations states that "It is the Competitors responsibility to ensure that non-liquid cooling agents are contained within the above defined position when the car is running on track".

Having considered the matter extensively, and in line with per previous precedents, the Stewards deem that the team breached this regulation and accordingly impose a fine on the Competitor.

Competitors are reminded that they have the right to appeal certain decisions of the Stewards, in accordance with Article 15 of the FIA International Sporting Code and Chapter 4 of the FIA Judicial and Disciplinary Rules, within the applicable time limits.
