## TECHNICAL DELEGATE'S REPORT

The following driver is using a new energy store (ES) for the remainder of the Competition:

| <i>Number</i> | <i>Car</i>     | <i>Driver</i> | <i>Previously used ES</i> |
|---------------|----------------|---------------|---------------------------|
| 10            | Alpine Renault | Pierre Gasly  | 2                         |

The energy store used by Pierre Gasly is the third (3) of the two (2) new energy stores allowed for the 2024 Championship season and this is **not** in conformity with Article 28.2 of the 2024 Formula One Sporting Regulations.

The following driver is using a new control electronics (CE) for the remainder of the Competition:

| <i>Number</i> | <i>Car</i>     | <i>Driver</i> | <i>Previously used CE</i> |
|---------------|----------------|---------------|---------------------------|
| 10            | Alpine Renault | Pierre Gasly  | 3                         |

The control electronics used by Pierre Gasly is the fourth (4) of the two (2) new control electronics allowed for the 2024 Championship season and this is **not** in conformity with Article 28.2 of the 2024 Formula One Sporting Regulations.

The PU elements have been replaced without the approval of the FIA technical delegate, this **not** being in conformity with Article 40.3 of the 2024 Formula One Sporting Regulations. Therefore car number 10 should now be required to start the race from the pit lane according to Article 40.9 of the 2024 Formula One Sporting Regulations.

I am referring this matter to the stewards for their consideration.
