## Technical Delegate's Report

The following part has been replaced during the Parc Fermé yesterday and today by the Sauber F1 Team team for a part with a different specification:

Car 94: TC (previously used, different specification)

The turbocharger (TC) has been replaced with the approval of the FIA technical delegate following a written request from the team concerned, this being in accordance with Article 34.2 of the 2017 Formula One Sporting Regulations.

But as the replacement turbocharger is different from the one originally used, car number 94 should now be required to start from the pit lane according to Article 34.6 of the 2017 Formula One Sporting Regulations. I am referring this matter to the stewards for their consideration. The team informed the technical delegate about the turbocharger change on Saturday, 08th July 2017, at 17:17 hours.
